Premium Pool and Spa 1.877.827.2842

The Original Hardcover Spa®

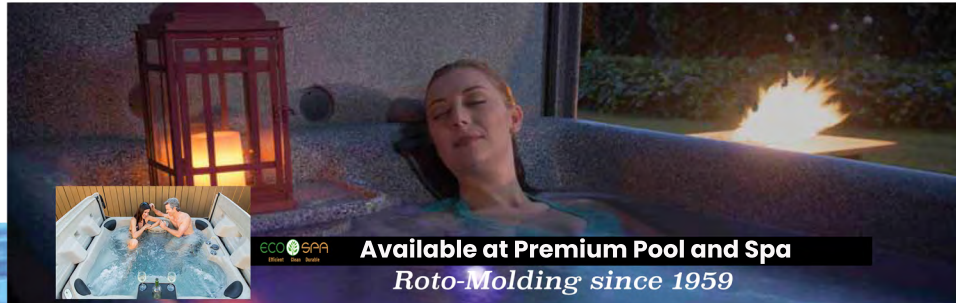

- **CLEAN**
Dual filters provide more square footage of filtration for a cleaner spa.
- **EFFICIENT**
Eco Spas are constructed from high density polyethylene and are molded into one solid piece. The Eco Spa dual wall construction and a solid bottom provides quieter operation and better energy efficiency. The Hardcover system with the exclusive power seal technology is 25% more efficient than the average vinyl cover.
- **DURABLE**
Eco Spas unique Hardcover will hold up to 350 pounds. This durable spa cover and structure will hold up in any climate and will not deteriorate with time like a traditional spa cover.

EFFICIENT • CLEAN • DURABLE
